## ALL CLOSE TO-DAY.

Stock Taking in Plants of the National Glass Company

## TO BE STARTED IMMEDIATELY

And the Shut-Down Will be Made of as Short Duration as Possible, Owing to the Pressure of Orders—An Office to be Opened in London with Harry Northwood in Charge—Details of the Big Combination.

To-day the nineteen companies in the National Glass Company (tableware combine), including the Crystal at Bridgeport, the West Virginia at Martin's Ferry and the Riverside at Wellsburg, will close down for taking of stock. Operations will be resumed as soon as this work is completed. The details of the consolidation have just been officially made public, and show that it is stronger than was supposed by those on the outside, notwithstanding the withdrawal of the United States Glass Company.

The combination embraces nineteen firms with a total capacity of 678 pots, which show an earning during the past year, by sworn statement, that will pay the interest on the new combination's bonded indebtedness and 10 per cent on the stock issued. There is not a particle of water in the stock, the factors having been taken in at their appraised value, which amounts to \$4,000,000. The deal was financed by Whitney & Stephenson, assisted by the Union Trust Company and T. Mellon & Sons, bankers of Pittsburgh.

There are eight concerns on the outside with a capacity of 280 pots. They are as follows: United States Glass Company, Pittsburgh, 150 pots; Tarentum Glass Company, Tarentum, Pa., 14; George Duncan's Sons & Co., Washington, Pa., 16; A. H. Healey & Co., Newark, O., 14; Bryce, Higbee & Co., Homestead, Pa., 24; Central Glass Company, Wheeling, W. Va., 12; Bonita Glass Company, Cleo, Ind., 25.

The nineteen companies included in the combination, with the pot capacity of each, are as follows: Canton Glass Company, Marion, Ind., 30; Central Glass Company, Summersville, Ind., 17; Crystal Glass Company, Bridgeport, O., 49; Cumberland Glass Company, Cumberland, Md., 14; Greensburg Glass Company, Greensburg, Pa., 23; Indiana Tumbler and Goblet Company, Greentown, Ind., 38; Model Glass Company, Albany, Ind., 23; McKee & Bros., Jeanette, Pa., 117; Northwest Glass Company, Indiana, Pa., 20; Riverside Glass Company, Wellsville, W. Va., 15; Robinson Glass Company, Zanesville, O., 15; Royal Glass Company, Marietta, O., 20; West Virginia Glass Company, Martin's Ferry, O., 24; Rochester Tumbler Company, Rochester, Pa., 42; Dalsell, Gilmore & Leighton, Findlay, O., 35; Beatty-Brady Glass Company, Dunkirk, Ind., 45; Fairmont Glass Company, Fairmont, W. Va., 12; Ohio Flint Glass Company, Lancaster, O., 28.

Settlement for all shipments of ware prior to November 1, 1899, will be made with the old, or individual, firms, to whom all correspondence should be addressed. On all shipments after that date settlement will be made with the National Glass Company. Notices have been sent to all the factories to close down to-day for stock taking, which will be done as rapidly as possible, since all are filled up with orders, and a resumption will take place at the earliest possible moment. They will all be in operation again by the end of next week.

Factories which have been running non-union will continue to operate on an independent basis the same as if no combination had been formed, and there will be no let up on the pushing of the company's traveling salesmen. Buyers who may have a preference for ware produced at particular factories will also have their orders filled from the factory of their choice. The price question has not as yet been taken up.

The plants taken into the combination are all operating at present, excepting the Robinson, at Zanesville, O., and the factory of the Greensburg Glass Company, at Greensburg, Pa., both of which will be started as soon as repairs are made.

It is the company's purpose to curtail operating expenses to the lowest possible notch by the introduction of machinery and along other lines, and a determined effort will be made to increase their export trade. An office is to be established at once in London, with Harry Northwood in charge, and later on sample rooms will be opened in other important foreign cities. The main office will be in Pittsburgh, and it will be opened as soon as a suitable location can be secured.

The officers are: President, H. C. Fry; vice president, C. J. Bockius; secretary, Addison Thompson. The board of directors consists of the above named gentlemen, in connection with D. C. Jenkins, A. Hart McKee, W. J. Alford, L. A. Fletcher and A. L. Straubinger.

A. Hart McKee, D. C. Jenkins, L. A. Fletcher, W. J. Alford and Addison Thompson are the executive committee.

**AMUSEMENTS.**

Mr. Robert Downing's company appeared at the Opera House last night in "An Indiana Romance," and both play and star and supporting company met with a warm reception by the audience.

Downing's comedy methods are clean cut and effective, and he is as good in comedy as he was in tragedy, in which he made his reputation. The piece will be repeated this afternoon and to-night, and no doubt the house will be crowded at both performances.

**The Glimmer-Hoefler Co.**

Opening with Frederick Bryton's famous heart story of the hills, "Forgiveness," the Glimmer-Hoefler Co. will present such well known productions as Jacob Little's "The Woman in Black," "New Charity Ball," "The Country Girl," "Under the Black Flag," "Inside Track," and others. High class vaudeville.

Discount will be allowed on city taxes up to and including Saturday, November 4. J. K. HALL, City Collector.

# Dr. Green's Nervine

## BLOOD NERVE REMEDY.

**Makes Women Look Young and Feel Young**

The great health giver and beautifier for women is Dr. Green's Nervine, blood and nerve remedy, that great vegetable compound for women, so pure, harmless and healthful, for nothing in the world so easily and quickly restores lost health, gives strength and vigor to the nerves, purifies and enriches the blood, and makes women strong and well as does Dr. Green's Nervine.

Dr. Green's Nervine clears the complexion of that dark, sallow, pale look, removes eruptions, blackheads, and blemishes, makes the skin velvety and glowing with rosy color, the eyes brilliant, the lips red, imparting a full round contour to face and form.

Above all, Dr. Green's Nervine banishes melancholy and restores the lively spirits, vivacity, light, elastic step, and exuberant life, energy and enjoyment, quickens the imagination, and makes women strong and well as does Dr. Green's Nervine.

Dr. Green's Nervine does not thus, because it makes women well and strong, and thus prevents them from growing old before their time. It makes them look young and feel young, for it braces women up as nothing else in the world can. Try Dr. Green's Nervine. You will never regret it.

deville is introduced between acts by Billy Stanford, German comedian and wooden shoe dancer; Macmillen and Gray, sketch artists, singers and dancers, and others, making a continuous show at each performance. The prices are ten, twenty and thirty cents, and ladies' half tickets are offered for Monday night, if ordered before 6 o'clock Monday evening. Seats now on sale.

## BRIEF MENTIONINGS.

Events in and About the City Given in a Nutshell.

Matinees at both theatres to-day. Opera House to-night—"An Indiana Romance."

Grand this evening—Aubrey Dramatic Company.

This is the last day of discount for the payment of taxes at the city collector's office.

The council committee on police, failed to get a quorum for its scheduled meeting last night.

Squire Lacey, in Benwood, yesterday dismissed the case against Al McDonald, a Benwood man, charged with burglary in yesterday's papers.

Miss Clondia Beuter, formerly of this city, now of Chicago, died at the latter place on Friday afternoon. She will be buried from home at her aunt, Mrs. John P. Troll, on Sunday afternoon. Deceased was a young lady about twenty-four years of age, and the daughter of Mrs. Kate Beuter, nee Higgins.

Yesterday, in Squire Rogers' court, Arthur Poe and Henry A. Killmeyer, the boys implicated with M. Silverman in defrauding merchants of the city, as related in yesterday's papers, were fined \$10 and costs. Silverman was held for the grand jury in default of bond in the sum of \$1,000. He waived the preliminary hearing.

Early yesterday morning unknown burglars were at work. About 12:30 o'clock they entered Knauss' grocery at 48 Seventeenth street, rifled the till and got \$45 change. Later in the night, about 3 o'clock, while the fire engines were going past Coleman's drug store, Chapline and Twenty-fifth streets, the fire on the lower South Side, and broke a pane of glass, and endeavored to effect an entrance, but were seen by a resident of the neighborhood and ran away. No arrests had been made last night, but the police have a clue.

Yesterday, before Judge Harvey, of the circuit court, arguments were made on the writ of error and motion for a new trial in the case of the state vs. Devinney and Johnson, tried and convicted and sentenced to hang for the murder of Charles McLaughlin. For the defense, M. O. Boyce opened, while Captain Doveney closed, and the state's interests were cared for by Prosecuting Attorney Meyer. The defense objected most strenuously to the famous speech, or "lecture to the jury," as Captain Doveney calls it, made by Mr. John A. Howard, who was associated with Mr. Meyer in the conduct of the prosecution. Judge Harvey reserved his decision. The record in the case consists of over 1,200 pages of type-written matter.
